

Project Design Phase-I Solution Architecture

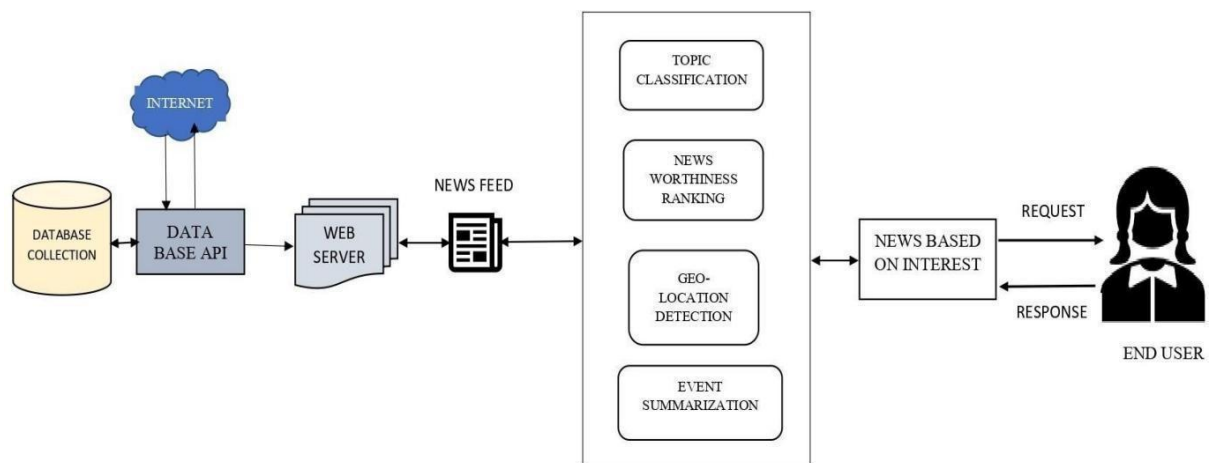

Date	15 October 2022
Team ID	PNT2022TMID30665
Project Name	News Tracker Application
Maximum Marks	4 Marks

SOLUTION ARCHITECTURE:

Solution Architecture: A complicated process with numerous sub-processes, solution architecture connects technological solutions to business issues. Its objectives are to

- Track down the most effective technological remedy for current business issues.
- Explain to project stakeholders the structure, traits, behaviour, and other features of the software.
- Specify the project's features, development stages, and solution needs.
- Offer the requirements by which the solution is created, handled, and given to the clients.
